### PORT ORCHARD CHURCH OF CHRIST COVID-19 PLAN

Dear Family,

So many have been involved in trying to safely get us back together for in person worship. The date is set November 1<sup>st</sup> !

Part of the requirements for faith-based organizations is to have a written plan that addresses many areas including the requirement to educate our staff and our members.

We have tried to put together a concise plan as well as have a complete binder of resources for our members and our body.

Our plan hopes to give each and every one of you information to help you make your personal choice whether to attend worship inside of our building, continue with audio (93.1 FM) from the parking lot, or live-stream via the internet.

As we move through the "in person, indoors " planning there may be changes or additions to the plan. As the state moves through the different phases that will also affect us and our activities.

We are implementing precautions not required such as temperature scan before entering. We also have installed Wave Air Purifiers; in addition, we have purchased a Disinfectant Atomizing Sprayer.

If you have any questions, please do not hesitate to contact the deacons, SLT members or staff. It is our deepest desire to keep each and every one of you safe!

Please take the time to read the following document prepared based on the state guidelines:
