

Potential Westreach campaign in Luampa District

"Everyone" wants us back into the medical mission business.

We are hoping Covid will fade after the packed crowds of our August 12 election fade, and are tentatively planning Westreach 2021 last week of September.

A planning team is out there now, visiting potential places. Village people there are keen to have the medical mission happen.

Some of the places visited:

MULWA

KAWANDA

NAMANDO

NAKAYEMBE

NYAMBI 1

NYAMBI 2
